## Who We Are:

Tino's Handmade Riders is an enthusiastic group of 5 motorcycle riders from Vancouver Island who met through the local motorsports community. We plan to attend several events through the summer of 2024, most notably the 2024 Higgy's Charity event. We all enjoy turning laps, and turning wrenches, and hope we can do both this season in order to raise money for charity.

## What We Do:

By competing in race series, attending meetups, coaching other riders, and participating in track days. This year the team will be attending track days almost every weekend on Vancouver Island and plans to participate in race series in Washington state.

Our goals for the 2024 event are to complete the most laps out of any team, and set the fastest lap time during the event, as well as beat our previous fundraising effort from 2022.

## Higgys Charity Event:

The second time this event will be held, giving 15 teams 9 hours to complete as many laps of the Vancouver Island Motorsport Circuit as possible. Last year the event raised over \$70000 for BC Childrens, with \$8700 raised only by Our team! This year the event will support the CFax Christmas Hamper program.

## How You Can Help:

Our team is looking to raise funds for a few costs associated with the event including:

- Entry Fee - This entry fee is a large cost and even partial coverage of this fee will help our team
- Tires - We anticipate using two rear tires and one front in the event. Race slicks are a large part of the cost of competing
- Fuel - Although motorcycles are fuel efficient, high octane fuel is still expensive
- Bike Graphics - We will be adding numbers and sponsor logos to our bike

## How We Can Help You:

Your logo will be prominently displayed on our website, tent and motorcycle. These logos will be visible to any spectators during the event, mentioned on any social media posts, and will be included on all communications sent out during our fundraising campaign. This sponsorship can also be written off as a business marketing expense.

*2022 event:*

- *2nd most laps completed*
- *2nd fastest lap time*
- *2nd most money raised*

*Tinos Handmade Riders 2022 race bike and team members*

Left to Right:

**Tino Martinez**, Team Organizer
